

Mental Health Inequalities and Ethnicity, 14 February 2019

Meeting Details	Name of Meeting: MH Inequalities and Ethnicity Date of Meeting: 14 February 2019 Third Sector Representative: Alison Lowe
Key Issues / Themes / Messages	<ol style="list-style-type: none">1. Synergi commissioned by Lankelly Chase to understand and eradicate link between MH inequalities and Ethnicity. Purpose of meeting was to get high level buy in from Leeds H&SC decision makers to include Leeds in the scope of the work.2. It will be a placed-based approach focusing on developing literacy around the problem in services which are currently inflexible.3. Commissioners must commission for exceptions from the start. Services/commissioners don't listen hard enough to points of difference which mean groups are omitted.
