

Board to Board, 19 March 2019

Meeting Details	Name of Meeting: Board to Board Date of Meeting: 19 March 2019 Third Sector Representative: Ruth Kettle
Key Issues / Themes / Messages	<p>System resilience plan update – really positive working relationships and good progress – everyone agreed we are in a much better place than 2 years ago. The data driven approach has been key (Newton Europe)</p> <p>Leeds community safety – how to integrate more and create opportunities to work together more effectively e.g. around the 300 people who live a street based lifestyle. Further conversations to be had here.</p> <p>Leeds city tech approach – we had the opportunity to find out about 10 digital initiatives across Leeds and I think it would be great to invite 100% digital along to a leaders network. The contact is amy.hearn@leeds.gov.uk. Their remit is specifically to support the third sector – they have been to a PSI event recently.</p> <p>Leeds plan refresh – agreed need to strengthen the focus on MH and children’s mental health which is good news.</p>
