# 2020 Harnessing Power of Communities

- Improve the health and wellbeing of people in communities identified as the most deprived in Leeds
- Build on local assets to address local need
- Ambition to:
  - grow and sustain our diverse third sector to help people stay healthy and well
  - help other parts of the health and care system by delivering and evaluating health and wellbeing outcomes
  - support system changes such as Local Care Partnerships, social prescribing and Population Health Management

**Part of West Yorks & Harrogate Harnessing the Power of Communities for: A sustainable third sector contributing to person-centred wellbeing across the health and care system**

# A sustainable third sector contributing to person-centred wellbeing across the health and care system

## OUTCOMES

The third sector is better connected and influential in the health and care system

Investment in community organisations to innovate on delivering health and care outcomes

A system-wide culture shift to working in ways championed by the third sector

Third sector workforce development to maximise systems working

Third sector capacity is increased to work in systems transformation

## OUTPUTS

Overview of the sector

Representation, advocacy and leadership

Investment program grant funding
